

Report on the Winter Seasonal at Delfland Golf course
29 October 2026

There were 12 participants attending the Winter Seasonal at Delfland. The weather gods were with us and gave fine weather, this always makes the day even more enjoyable. Despite being a well maintained and easy to walk course, it was found not so interesting. One reason for this could be the combination of the blue-red round instead of the combination with yellow round, with has more water features. After the golf 11 stayed and enjoyed the dinner. The restaurant staff were pleasant and helpful. During and after the diner price giving was done.

The winner of the Granny Smith Trophy was Elly Davis with the best 3 scores out of 4 Seasonals with 92 Stbf. In 2nd place Rob Janssen with 90 Stbf. In 3rd place Beatrice Meile with 87 Stbf.

The winner of the Winter Seasonal the Niblick Trophy was Sander Borst with 32 Stbf points.
In 2nd place Helma Nollen with 31 Stbf bb 9, and in 3rd place Garry Gould with 31 Stbf.

Al prices were donated, a thank you for this, thus no price money was requested. The winner prices were 3 colourful garden pots plants from Clare, which came from the cancelled Autumn Social and 2 bottles of wine by the organiser. The Club contributed 3 sleeves of golf balls. Last but not least, my thanks to Rob for helping with the scores and a joyful buggy round.

There are lessons learned. It was unfortunate that there was confusion and a problem of not being able to enter scores into Estec Proware. The info on blue/red rounds should have been forwarded/entered *before* the set-up was done in placing the course into Estec Proware ! Have to admit I did not know this. However, some managed to enter scores into their home course Proware.

Secondly, end of October and with the last T-time of 13.25 was almost too late for this flight! Due to the change from summer to wintertime they barely made it with good daylight. But you did it, well done!

Thanks to Reno for the overall organisation of all Seasonals. Again thank you for participating in the Winter Seasonal. Hope you and more members will take part again in next year's Seasonals.
Cheers Wil Spangenberg
